Re: Thank You

Dear Bill,

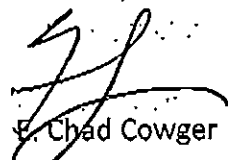

This letter is to recognize Hercules Fence Company, Inc.'s efforts on the DoG Street Pub. This project, which was a complete renovation of the existing 1932 SunTrust Bank building broke ground on October 11, 2011 and received a Certificate of Occupancy on May 23, 2012.

There is no way that we could have done this project without the efforts of our subcontractors and material suppliers. Hercules Fence Company, Inc.'s cooperation, willingness to work long hours to meet the schedule, and readiness to jump on problems quickly contributed immeasurably to our success. The level of forward thinking, the positioning of resources, and on time material deliveries were critical to this project due to the external constraints we faced. Hercules Fence Company, Inc. was excellent in performing these tasks.

It was due to the efforts of Hercules Fence Company, Inc. that the project was a success.

Job well done.

Sincerely,

  
E. Chad Cowger  
Project Manager
